## LIGHTS WITH PATENTED PIN-SOCKET TECHNOLOGY

Our plug-in socket lights are a real highlight for ambitious system constructors. They are extremely simple to install – a unique advantage in the field of system construction. The BRAWA plug-in socket lights are produced using premium materials and shine thanks to fine faithful details. They are equipped with powerful bulbs or warm white LEDs and therefore ensure that they are able to present your system in the right light.

**The BRAWA Pin-socket lights in gauge N are now ex stock available.  
BRAWA lamps shed the perfect light on your miniature world.**

We recommend the BRAWA Rectifier (Order no. 2185) in order to avoid flickering LEDs.

DC 12 - 16 V

# BRAWA PIN-SOCKET LIGHTS NOW EX STOCK AVAILABLE
