

MODERNIZATION OF THE COLOGNE S-BAHN. THE NEW DESIGN OF THE BR 424 RAILCARS

With the new transport contract for the Cologne S-Bahn network, the contractual partners go.Rheinland, VRR and DB Regio are relying on tried-and-tested technology in a new design – and it has even won an award! The ET 424 series vehicles that became vacant at S-Bahn Hannover in 2022 have been in use at S-Bahn Köln since April 2024 following extensive modernization. The vehicles have been given a new design impressing the jury of the prestigious “German Design Award 2024”.

The reliable and maximum 25-year-old vehicles, which are not yet at the end of their life cycle, are now gradually being modernized and put back into service for DB Regio. The central element of the redesign is functionality and aesthetics to meet the requirements of today’s passengers. With these improvements, the ET 424 will not only remain an important part of regional transport, but also a symbol of innovation and progress in rail transport.

MARZIPAN AND MODEL RAILWAYS THE ART OF PASSION FOR THE DETAIL

Niederegger is a renowned marzipan manufacturer from the Hanseatic city of Lübeck, which is known for its high-quality marzipan products. The company has been producing high-quality marzipan products according to traditional recipes and with great attention to detail since 1806. Thanks to their quality and unique flavour, Niederegger products are very popular all over the world.

Marzipan, as well as pralines and chocolate, are among the delicious treats from Niederegger. Even after more than 200 years, the traditional family business still places great value on craftsmanship, sustainability and innovation. Café Niederegger is regarded as Lübeck's secret landmark and has been recognised several times as one of the best and most beautiful cafés in Germany.
